(Used to be La Quinta, and then Motel 6)

It's a 10-15 minute walk to Kathy's office
and there are chain dining places within
a slightly longer walk in the other direction.
Many students have stayed here and managed fine
without a car.

The airport is about 4 miles away.
Taxi from airport will be under \$15.

This is not a stellar hotel, but it's manageable!
Ask for a quieter room away from Thomas Road.

There are numerous other food establishments nearby.
I've indicated only those that are in the shopping mall
closest to the Motel 6 near my office (not to scale).

The main "better name" hotels are along 44th St and
the area of Van Buren just to the west.

least expensive time of year for hotel rooms -

*Rates will at least double during tourist season:
late fall, winter, early spring.*
